This is last years money. We appear to have received about 49% of LUST cleanups funds last year for a total of \$1.4M. Looks like the cut for cleanup is huge.

Steven Linder, P.E.

Manager, Underground Storage Tank Program

US EPA Region 9

**Subject:** Tribal UST/LUST Funding Decision Spreadsheet

Per our conversation during today's EPA only Tribal teleconference, I am sending you a spreadsheet which shows the final amounts that OUST has approved for the 2015 Tribal funding requests. You will see the amounts each region requested for EPM, LUST Prevention, and LUST Cleanup and how much OUST has approved for each category. Note that I have hidden several columns to the right to make it easier for you to read on one page. You can unhide the columns if you choose.

Carolyn will send an email explaining how she arrived at these decisions. In the meantime, she asked me to share this spreadsheet with you.

Lela
